At MSD Animal Health UK, we demonstrate respect and care for the health and wellbeing of people and the environment in our research, manufacture and supply of animal health products and services. We are committed to providing a safe and healthy workplace to prevent injury and ill health and identifying hazards to reduce risk and environmental impact of our operations. We believe that promoting wellness for employees and respect for the environment is not just the lawful thing to do; it’s the right thing to do.

Mark van Duyvenbode Executive Director, MMD  Jan Moehlenbrock AVP Managing Director, MAH

Our EHS management systems are consistent with ISO 45001, ISO 14001 and ISO 50001 standards, including setting of EHS objectives and are subject to review by both senior company management and external verification. Our policies and procedures are guided by the MSD Corporate Policy No. 14 – Respect for Environmental, Health and Safety.
